

NOTE: CardSwap is a single spot to update your card on file wherever you pay. You can enroll your CPFCU credit or debit card in CardSwap within Online Banking or the mobile app to easily update your recurring charges.

1. Navigate to Services, then select the tile for Card Swap.

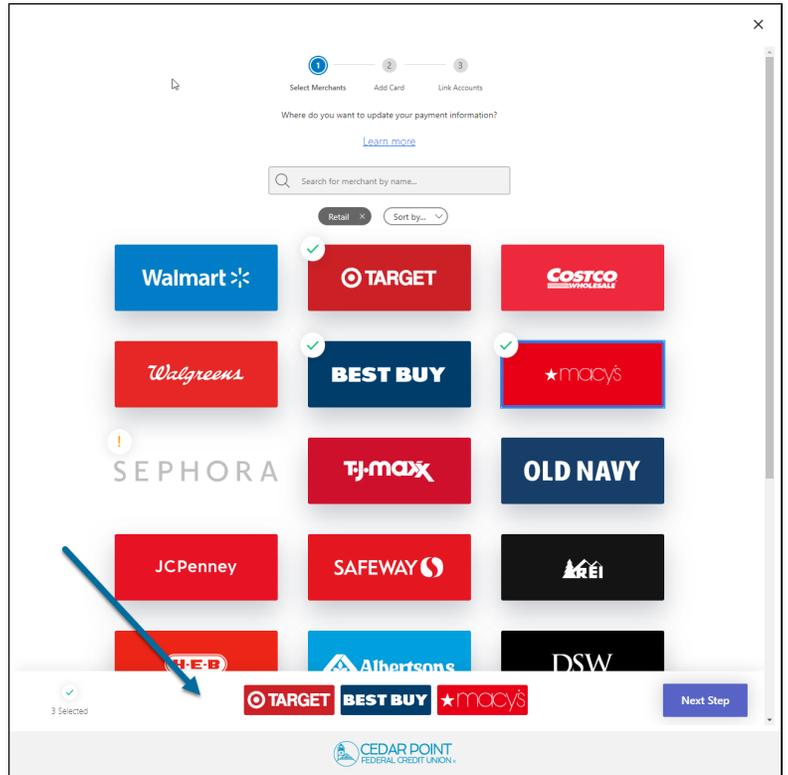

2. Select 'Get Started' to begin enrollment.

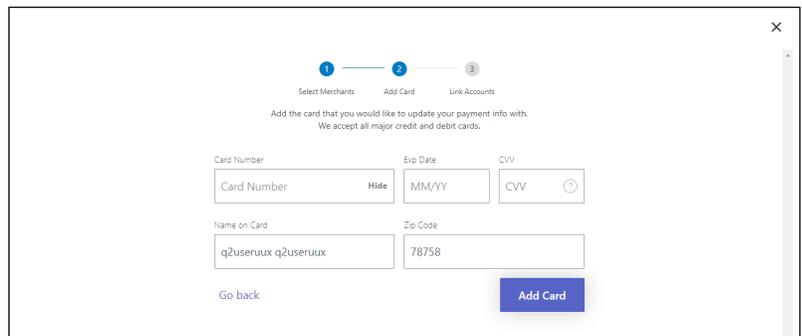

- 3.

4. Scroll through the list of available companies and select the ones you'd like to switch to your CPFCU debit card. Then click "Next" in the lower right corner.

5. Enter your Cedar Point FCU Debit Card debit information you'd like to use and click "Add Card."

6. Complete the login fields for each company you selected as instructed.

Click the “Link Account” button for each company.

When you're done, click “Verify.” Once you're done, CardSwap will replace the card on file with your selected online merchant to your CPFCU debit or credit card.

Log in to verify your **Amazon** account.
